The **GOOGLE** Classroom Initiative

What's Google Classroom? It is a forum for classroom teachers and students to communicate online in a safe & productive way. Students are able to read "posts" by their teachers such as assignments and announcements. Students can actively monitor the webpage for any upcoming assignments, quizzes, or homework. Long gone are the days of "my dog ate my homework" because any materials distributed in class can be accessed from home on Google Classroom!

This initiative brought forth by the East Orange School District will foster 21st Century skills needed for future college & career employment. Students will learn how to communicate in a public forum safely, learn the importance of media literacy, and collaboratively work with peers in completing assignments. Working with peers can happen outside the traditional classroom, with the help & access of Google classroom.

Parents, you are welcome to join the classroom too! Ask your scholar for the class-code or ask the teacher to "invite" you to the page! All class-codes will be available in the next newsletter. For now, look below for student login information:
